Dear Doctor,

Re:

We are writing to ask if it would be possible for the above patient to have blood samples taken at the surgery to see if they could be a suitable stem cell donor for their relative.

A pack containing a letter, an information booklet, the blood tubes, blood cards and pre-paid postage box have been sent to the patient. Please could the person who takes the bloods sign each sample and ensure that the sample bottles are labeled with name, NHS number if known, date of birth, and the date the samples are taken.

Please could the samples be returned in the pre-paid postage box to:

If you have any questions, please do not hesitate to contact the Administrator for the BMT Team on 01865 223486.

Yours sincerely
