Re: Patient Name

Thank you for providing us your tissue typing blood sample to see if you could be a suitable donor for your relative.

The final report suggest that you are **not a tissue type match** for your relative, thus unfortunately you would not be a suitable donor.

We understand that this may not be the result that you were hoping for. If you have any questions or concerns, please do not hesitate to contact the Administrator for the BMT Team on 01865 223486.

Yours sincerely
